

REPORT NO. 1 OF 2016

SA Vroue Federasie (SAVF) Salary Negotiations

This was the first sitting of salary negotiations for the current financial year.

The Employer read out the attached document (SAVF Report 1 Addendum), in response to Labour's demands.

After asking some clarity-seeking questions and following up with a prolonged debate on the Employer's offer, Labour rejected the Employer's offer. Labour pointed out that it is not only the Employer that is affected by adverse economic circumstances, but also all employees.

The Employer was asked to revert to Labour with an acceptable offer.

The date for further engagement is scheduled for the 14th April 2016.
